

**Nova Scotia Health Research Foundation
Knowledge Programs - Funded Recipients 2012 - 13**

Our Knowledge Programs are designed to address the knowledge needs of decision-makers within the Nova Scotia health system. With the aim to provide timely and pragmatic approaches to integrating evidence into decision-making processes, the Knowledge Programs are targeted at decision-makers and the questions they grapple with in designing policies, programs and services to improve the health of Nova Scotians.

The Knowledge Programs are priority-driven, meaning that they will focus specifically on our health research priorities as these are based on evidence and are reflective of the current knowledge needs of the province.

In 2012-2013 the Knowledge Programs will consists of:

- Training and Workshops
- Expert Opinion
- Knowledge Sharing Support Award

Funded Applicants: 12
