

Scotia Scholar Award (Master Level/Under Graduate Level) 2012-13 Funded Recipients

The Scotia Scholar Award is a funding opportunity available under our Research Trainee Funding Program. The Scotia Scholarship is intended to provide financial support to high caliber trainees engaged in health research related academic study at Nova Scotia universities. The goal of the Scotia Scholar Award is to support the development of the next generation of highly qualified health researchers and leaders in the Nova Scotia health research enterprise.

This funding opportunity is designed to support individual research trainees as a way to encourage continued interest in careers in health research. Applicants were evaluated based on their past academic, leadership, and research achievements. The award is tenable only at eligible Nova Scotia universities. Each eligible university was allocated a pre-determined number of scholarships.

Funding

The value and duration of the 2012-13 Scotia Scholar Award (Master level) is \$10,000 over a one (1) year (non-renewable) time frame. In the case of Nova Scotia Universities which do not offer graduate level thesis based degree programs, research trainees include senior students who are completing an honours degree program or advanced major undergraduate degree program at the undergraduate level. The value and duration of the 2012-13 Scotia Scholar Award (Undergrad level) is \$5,000 over a one (1) year (non-renewable) time frame.

Funded Applicants: 28

Total NSHRF Funding: \$233,304
