

Nova Scotia Health Research Foundation
Research Enterprise Development Initiatives (REDI) - Funded Recipients

The purpose of REDI is to support the health research enterprise in Nova Scotia and to ensure a systems-level approach to research enterprise development. This includes identifying the elements necessary to support the research enterprise and designing initiatives targeted to creating, evolving and/or sustaining these elements.

The core elements of **REDI Awards**:

- Research Skills Award,
- Team Development Award, and
- Catalyst Award.
